**PROGRAM**

- 8:45 – 9:00      **Registration**
- 9:00 – 9:15      **Welcome and workshop goals – *Ellen Johnck, Executive Director, BPC***  
This seminar is designed to provide timely information on recent state and federal wetland regulations since the 2001 U. S. Supreme Court decision of the *Solid Waste Association of Northern Cook Counties v. United States Corps of Engineers* (known as the “SWANCC” decision). In addition, the discussion will explore ideas for working within the regulatory framework to achieve both necessary economic development and habitat protection goals through mitigation programs, and the concept of the USACE’s Special Area Management Plan (SAMP) and the USFWS’ Habitat Conservation Plan (HCP). This panel session will feature the Contra Costa County HCP and discuss methods to achieve a streamlined federal Section 7 consultation and 401 state water quality certification process relying on the HCP’s information and mitigation regime to the greatest extent possible.
